Talk Homework

For **Big Write** this week I am writing an explanation text.

I am a scientist who has invented a machine. I need to explain how it looks, what it does, why we need this machine and any other important information about my invention.

I need to talk about my ideas and opinions with as many family members as possible. A great time to do this is while we are sitting at the table for dinner. Could we please not have the TV on so that I can concentrate?

I would love to hear your ideas and opinions as well, to help me with my ideas. Please help me to think of some power openers to make my writing exciting and interesting. That way when I write tomorrow I will have so many ideas and will be able to use a lot of descriptive words to make my writing come alive!

Can you give me some up-levelled V.C.O.P for my writing?

V=Vocabulary, WOW words.

C= Connectives, words that join ideas together.

O= Openers, Amazing ways to start a sentence. Words that end in “ly” or “ing” are power words.

P= Punctuation, remember to use your punctuation such as, capital letters, full stops and apostrophes.

An explanation planner has also been included to help you plan your writing.

Time to get your imagination running!
