CLYDE PRIMARY SCHOOL CHILD SAFE POLICY

Rationale:

As part of the Victorian Government’s commitment to implementing the recommendations of the Betrayal of Trust report (2013-14), there is a new regulatory landscape surrounding child safety in schools, underpinned by child safe standards which were introduced into law in 2015. The Child Safe Standards aim to protect children from abuse in organisations, including physical violence, sexual offences, serious emotional or psychological abuse and serious neglect and promote cultural changes so that protecting children from abuse is embedded in everyday thinking and practice. The seven standards are compulsory minimum standards for all Victorian schools commencing on January 1 2016.

Aims:

1. To focus the school's care and decision making on the safety and wellbeing of all children enrolled at the school.
2. To promote and maintain a child safe organisation, inclusive of all school environments, through implementing the seven child safe standards (see below).
3. To demonstrate a zero tolerance for child abuse which includes sexual offences, grooming, physical violence, serious or psychological harm and serious neglect of a child.
4. To demonstrate a strong commitment to cultural safety for Aboriginal children, cultural safety for children from culturally and/or linguistically diverse backgrounds, and to providing a safe environment for children with a disability.
5. To actively and respectfully listen to and empower all children in regards to their safety and wellbeing.

Department Policy:

Ministerial Order No. 870 (available at www.vrqa.vic.gov.au/childsafe) sets out specific actions that registered schools need to take to manage the risk of child abuse in schools. All Victorian schools are required to have a child safety policy or statement of commitment to child safety that details:

1. the principles that will guide the school in developing policies and procedures to create and maintain a child safe school environment; and
2. the actions the school proposes to take to:
   • demonstrate its commitment to child safety; monitor the school's adherence to its child safety policy;
   • support, encourage and enable school staff, parents, and children to understand, identify, discuss and report child safety matters; and
   • support or assist children who disclose child abuse, or are otherwise linked to suspected child abuse.
   • ensure that child safety is considered in the recruitment, selection and management of staff (including contractors and volunteers).
